Improving School Climate

Transformational Leadership with
Conscious Discipline

2-Day Workshop: Oct. 12-13 | Raleigh, NC

Designed for Teachers, Administrators, Behavioral Specialists and Support Staff of Children Ages 3-12

How would you like to be excited about entering your school *every single day*? Spend 2 days with us and we can help transform your school climate so that all who walk through your school doors will feel the positive energy that fuels all academic success!

Here's what you will take away:

- Learn and practice the 7 powers and skills of Conscious Discipline to create a healthy school environment
- Decrease discipline referrals by helping equip staff and students with necessary self-regulation skills
- Stop bullying behavior, learn positive techniques to create a climate of safety
- Understand and recognize how to influence and motivate team members
- Experience academic success in students when connecting staff satisfaction with student achievement
- Take your entire school from average to outstanding by practicing key elements to build cooperation, composure and confidence
