

You Did It! End-of-Year Certificate for Teachers

Rituals bind us together and mark important occasions in our lives. Many schools give students end-of-year certificates. The “You Did It! End-of-Year Certificate for Teachers” extends this traditional practice in order to honor teachers. This printable helps turn the simple act of giving of a certificate into a meaningful ritual using the Conscious Discipline concepts of noticing and unity.

This certificate is formatted to allow you to complete it by hand or type directly in the document. Whichever method you choose, you will use the space beneath the circular image to share a few sentences about each staff member. Share a way the staff member contributes to the school, a unique quality the staff member brings to the school or a powerful way the staff member impacts students’ lives.

To complete by hand, print one certificate per staff member (preferably on cardstock). Fill in the blanks as indicated. If you wish to personalize the certificates further, you may glue a 2.5-inch diameter photo of the teacher or class overtop of the circular artwork in the center of the certificate.

To type directly in the document, open the PDF in Acrobat Reader. Move your cursor to the line you want to fill in, click and begin to type. When you have filled out the certificate, simply print (preferably on cardstock) and sign your name in the “Administrator” space.

This is to certify that

_____ has been a valued member of our School Family this year.

You Did It!

_____ Date

_____ Administrator

Your School Family Celebrates You!
