

Power to Change the World

CIRCLE OF LIGHT

By Red Grammer

Whoa, we're gonna change things
One by one rearrange things
Filling up a bucket seems like a small, small thing
But it has the power to change the world.

Wanna change the world?
We have the power
Every minute and every hour
Take a look around what do you see?
Lots of people like you and me
Folks teasing Tiana, Picking on Juan
Laughing at Lexi, Leaving out Shawn
Ragging on Ryan, Pushing 'round Dwight
Making fun of Molly, It's just not right

Whoa, we're gonna change things
One by one rearrange things
Filling up a bucket seems like a small, small thing
But it has the power to change the world.

Dipping buckets, that's not fair
On the bus, the playground, everywhere!
Too much worry, too much fear
Want to change the world? It starts right here!
By not joining in when others dip
Catching ourselves when we start to slip
When a person in trouble needs a friend
We know what to do, we step right in

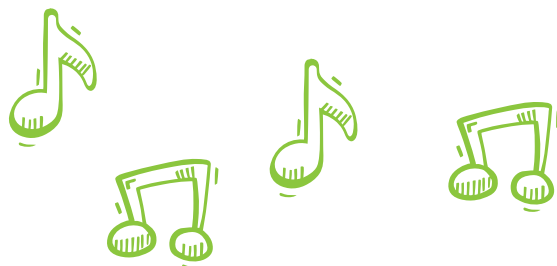

Whoa, we're gonna change things
One by one rearrange things
Filling up a bucket seems like a small, small thing
But it has the power to change the world.

Take my hand, come along
We're all connected, we all belong
Let's make this world a better place to be.

Whoa, we're gonna change things
One by one rearrange things
Filling up a bucket seems like a small, small thing
But it has the power to change the world. **(2x)**

It has the power to change the world. **(2x)**

I've Got a Lid

CIRCLE OF LIGHT

By Red Grammer

I've got a lid
I know how to use it
I've got a bucket of love
And I don't want to lose it
If someone comes around here
Dippin' in, I refuse it
Cause I've got a lid, I've got a lid

I'm not willing for the good stuff filling my bucket to be taken
Away from me so easily
So I start thinking 'bout the person who's sinking their dipper into my light
And when I look in their eyes, I see an empty bucket inside. That's why...

I've got a lid
I know how to use it
I've got a bucket of love
And I don't want to lose it
If someone comes around here
Dippin' in, I refuse it
Cause I've got a lid, I've got a lid

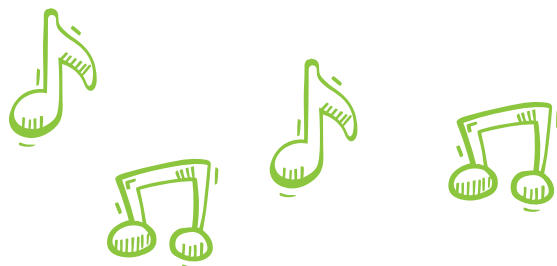

The simple fact is, a person who dips has got a bucket that needs filling
When they dip they're tryin' to fill a hole inside 'em... They think
They're filling their bucket, but nothing could be further from the truth
It's so clear to see it's all about them not me. That's why...

We've all got lids
We gotta learn how to use them
Cause we've got buckets of love
And we don't want to lose them
If someone comes around here
Dippin' in, we refuse them
Cause we've got lids
We've all got lids

I've got a lid
I know how to use it
I've got a bucket of love
And I don't want to lose it
If someone comes around here
Dippin' in, I refuse it
Cause I've got a lid, I've got a lid
I've got a lid, I've got a lid

Everybody Here Has a Bucket

CIRCLE OF LIGHT

By Red Grammer

Everybody here has a bucket. (Yes!) Everybody's bucket holds light. (Right!)
Add a little light here, add a little light there till everybody's bucket shines bright
We get it going with a helping hand... (Here I am!)
It's so easy

Everybody here has a bucket. (Yes!) Everybody's bucket holds light. (Right!)
Add a little light here, add a little light there till everybody's bucket shines bright
We get it going with a friendly look... (That's all it took)
With a helping hand...(Here I am!)
It's so easy

Everybody here has a bucket. (Yes!) Everybody's bucket holds light. (Right!)
Add a little light here, add a little light there till everybody's bucket shines bright
We get it going with a big hello!... (What do you know!)
With a friendly look... (That's all it took)
With a helping hand...(Here I am!)
It's so easy

Everybody here has a bucket. (Yes!) Everybody's bucket holds light (Right!)
Add a little light here, add a little light there till everybody's bucket shines bright
We get it going, make a brand-new friend... (Come on in!)
With a big hello!... (What do you know!)
With a helping hand... (Here I am!)
With a friendly look... (That's all it took)
It's so easy

Everybody here has a bucket. (Yes!) Everybody's bucket holds light. (Right!)
Add a little light here, add a little light there till everybody's bucket,
Each and every bucket, every single bucket shines bright

See Me Beautiful

CIRCLE OF LIGHT

By Red Grammer

See me beautiful
Look for the best in me
It's what I really am
And all I want to be
It may take some time
It may be hard to find
But see me beautiful

See me beautiful
Each and every day
Could you take a chance
Could you find a way
To see me shining through
In everything I do
And see me beautiful

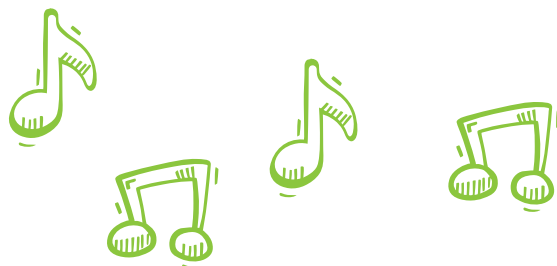

See me beautiful
Look for the best in me
It's what I really am
And all I want to be
It may take some time
It may be hard to find
But see me beautiful

See me beautiful
Each and every day
Could you take a chance
Could you find a way
To see me shining through

In everything I do
And see me beautiful
Whoa, whoa (Whoa, whoa)
Whoa, whoa (Whoa, whoa)
Yeah, yeah (Yeah, yeah)
Yeah, yeah (Yeah, yeah)
Whoa, whoa (Whoa, whoa)
Whoa, whoa (Whoa, whoa)
Yeah yeah yeah

See me beautiful
Each and every day
Could you take a chance
Could you find a way
To see me shining through
In everything I do
And see me beautiful
Whoa-o-o
See me Beautiful

Fill A Bucket

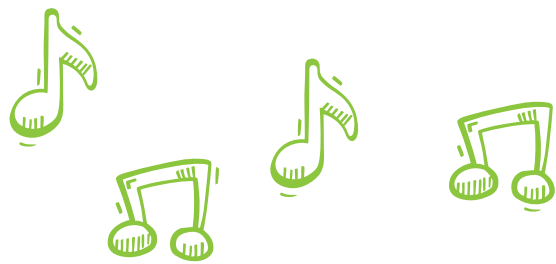

CIRCLE OF LIGHT

By Red Grammer

To the tune of Frere Jacques

Fill a bucket	Fill a bucket
Every day	Every day
I can fill a bucket	I can fill a bucket
You can, too	You can, too
Fill a bucket	Fill a bucket
Every day	Every day
I like filling buckets	I like filling buckets
You will, too	You will, too

Fill a bucket	Fill a bucket
Every day	Every day
I can fill a bucket	I can fill a bucket
You can, too	You can, too
Fill a bucket	Fill a bucket
Every day	Every day
I like filling buckets	I like filling buckets
You will, too	You will, too
I can fill a bucket	I can fill a bucket
You can, too	You can, too
You can, too	You can, too

I Am a Bucket Filler

CIRCLE OF LIGHT

By Red Grammer

I am a bucket filler. This is who I am.
I try to think of others and do the best I can.
I lend a helping hand. Let someone know they're not alone.
And if the kind words that I say brighten someone's day
I'm happy cuz I know.

Yes! I am a giver not a taker.
Yes! I am a builder not a breaker.
Filling buckets up, overflowing hearts
This is who I am.

I am a bucket filler. This is what I do.
Every time I look, I look to see the best in you.
If your bucket's empty, I make an effort on my part.
To look beyond the surface and see what's in your heart.

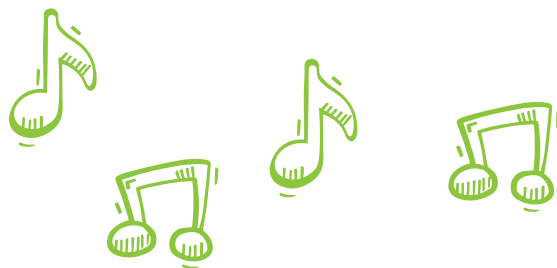

Because yes! I am a giver not a taker.
Yes! I am a builder not a breaker
Filling buckets up, overflowing hearts
This is who I am.

Sometimes it isn't easy, and I struggle just to know
How to fill another's bucket, when my own bucket is low.
I stop and take a breath and try to listen if I can
To the voice inside that reminds me who I am.
We are bucket fillers. This is who we are.
We fill each other up as we go reaching for the stars.
We are bucket fillers and here's the magic of it all.
When we help each other, every one of us stands tall.

So yes! I am a giver not a taker.
And yes! I am a builder not a breaker
Filling buckets up, overflowing hearts
This is who I am.

Filling buckets up, overflowing hearts,
I will do my part, 'cause this is who I am.

Pop on My Lid

CIRCLE OF LIGHT

By Red Grammer

I have a bucket, shining bright
It's where I keep my love and my light
If someone comes a-dipping, it's not right
I just pop on my lid and hold it tight
And I know they don't mean what they say,
It's their empty bucket that makes them that way.

I have a bucket, shining bright
It's where I keep my love and my light
If someone comes a-dipping, it's not right
I just pop on my lid
Pop on my lid
Pop on my lid and hold it tight.

Bucket Fillers, That's Who We Are!

CIRCLE OF LIGHT

By Red Grammer

We all have a bucket where we keep our love and light
When it's full we're happy and our eyes are shining bright
When we fill others' buckets it always feels so good
Seeing their smiling faces walking 'round the neighborhood

Bucket Filling, that's what we do here
Bucket Fillers, that's who we are (that's who we are!)
When a bucket needs some filling
A kind word and a helping hand's... a perfect way to start

When I see a bucket running low on love and light
And the person's sad and lonely and their eyes don't shine so bright
I can make a difference if I smile and say hello
Funny but when I look again I see them start to glow

Bucket Filling, that's what we do here
Bucket Fillers, that's who we are (that's who we are!)
When a bucket needs some filling
A kind word and a helping hand's... a perfect way to start

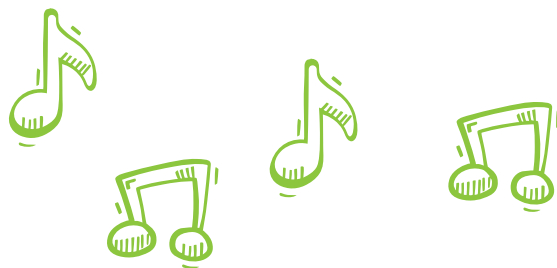

We keep our eyes wide open as we're walking through our day
There are lots of opportunities we find along the way
To fill others' buckets, help their happiness to grow
And leave a trail of love and light behind us as we go

Bucket Filling, that's what we do here
Bucket Fillers, that's who we are (that's who we are!)
When a bucket needs some filling
A kind word and a helping hand's... a perfect way to start

Bucket Filling, that's what we do here
Bucket Fillers, that's who we are (that's who we are!)
When a bucket needs some filling
A kind word and a helping hand's... a perfect way to start

A kind word and a helping hand's... a perfect way to start
A kind word and a helping hand's... a perfect way to start

Circle of Light

CIRCLE OF LIGHT

By Red Grammer

Add a little light here, add a little light there
Bucket Filling as we go
Making sure that everybody
Is reminded and they know
They are special, they are welcome
They are worthy, they belong
We're all part of one big circle
Come on in and sing along

Chorus:

It's a circle of light, it's a circle of kindness
The more we give love to the world the more it can find us
When our buckets are full, we feel happy and strong
Filled up with light it only feels right to pass it along

Add a little light here, add a little love there
Bucket Fillers, you and I
There is room inside the circle
Come and stand here by my side
Reaching out, bringing in those who
Don't yet know that they belong
We're all part of one big circle
Come on in and sing along

Repeat Chorus 2x

Filled up with light it only feels right to pass it along
